SST 800 Series

Face Camera & Temperature Sensing

Auto Sanitizer Dispenser

UV-C Disinfection Chamber

Designed & Made in India

Features:

- 18.5" Display for visual guidance • IR based body temperature measurement • Inbuilt camera for face detection and event logging
- Voice guidance with alerts sound • Automatic hand sanitizer dispenser • Provision for Oxymeter blood O2 level meter
- UV-C disinfecting chamber with UV Lamps (Laptop bags, Mobile, Lunch box etc) – custom size also available

Specifications*:

Display	:	18.5"
Processing Unit	:	CPU with Windows 10 IOT / Linux platform
Temperature Sensor	:	High Accuracy(+/- 0.5 Degree C) Detection duration: 1 second Body Sensing Method: Infrared based Photoelectric detection Detection Distance: 300mm – 500mm Detection Position: Forehead (no contact) Detection Result: Screen Display and Buzzer (threshold temperatures adjustable)
Hand Sanitizer	:	Non-contact hand sensing auto liquid discharge
Speakers	:	Audio-visual Instructions Alarms for abnormal body parameters
Camera	:	2MP camera Image capture with Date, Time and measurement stamping Optional Face recognition & attendance system
Oxymeter (optional)	:	Pulse Oximeter Blood O2 Level Meter Heartbeat Measurement
UV Disinfecting Chamber	:	UV-C light dis-infection Size: Typical use for Laptop bags, Mobile, Lunch box (Custom size also available) Protection: Auto-sensor for door opening Auto-lock protection while UV in operation Status indication on display screen
Power Consumption	:	185 Watts max.
Software (optional)	:	Integration with existing ERP Integration with existing attendance system Remote monitoring system-cloud based

* Specifications are subject to change without prior notice.
